

Hi Rolling Meadows Golfers!

We're excited to share two new features designed to make booking and managing your tee times even easier — **Noteefy Confirm** and the **Noteefy Waitlist**!

Noteefy Waitlist

— Looking for a specific tee time? Skip the phone calls and refreshing — just **add your desired times, dates, and number of players**, and Noteefy will automatically alert you by text and email the moment a matching slot opens up. Check it out here: [Rolling Meadows Tee Time Waitlist](#)

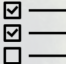

Rolling Meadows Tee Time Waitlist

Get notified when tee times are available at Rolling Meadows based on your preferences.

How Noteefy Works

[Check out the video here to learn more](#)

-  Set your playing preferences (Future Days, Time Range, Players).
-  We'll send you a notification when a tee time becomes available.
-  Click to book - but be sure to move fast! Times are first come, first serve
-  If you got the time, make sure you click the 'Stop Notifications' button to pause the search.
-  Enjoy your round and hit 'em straight!

Noteefy Confirm

You'll now receive a quick text and email reminder before your tee time, giving you the option to confirm or cancel your spot. This helps the club with confirming attendance, filling open times faster and ensuring more golfers get a chance to play. Simply reply "1" or "9" to confirm or cancel — no calls or extra steps needed!

Both tools work together so our golfers can get more tee times, we can reduce our no-shows and make your golf experience smoother and more convenient than ever.

Have any questions? Reach out to the pro shop or our partners at Noteefy (customersuccess@noteefy.app).

We look forward to seeing you out on the course soon!
